Education

KIET Group of Institutions

2022 - 2026

Bachelor of Technology in Information Technology

- Relevant Coursework: Data Structures & Algorithms, Operating Systems, DBMS

Experience

Qualityveda — Freelancer

21/2025 - 22/2025

- Developed a secure private chat application improving user communication efficiency using Firebase Authentication and protected routing.
- Optimized UI responsiveness and routing flow, enhancing user experience across mobile and desktop devices.
- Reduced unauthorized access risks by implementing secure authentication and route protection strategies.

Projects

Quick Chat — Real-Time Chat Application

Nov 2025

Live Project

- Built scalable MERN-based chat app handling real-time messaging using Socket.IO with low latency.
- Implemented JWT-based authentication improving security and session handling.
- Designed responsive UI improving user engagement and retention.
- Optimized backend APIs reducing response time and improving performance.

Thumbify — AI Thumbnail Generator

Dec 2025 - Ongoing

Live Project

- Built AI-powered thumbnail generator improving content creation efficiency.
- Developed scalable full-stack architecture using React and Node.js.
- Integrated customizable templates enhancing user personalization.
- Improved performance with optimized rendering and API handling.

Technical Skills

Languages: JavaScript, Python, Java, C, C++

Frontend: HTML5, CSS3, React.js, Tailwind CSS, Redux

Backend: Node.js, Express.js, REST APIs, JWT Authentication, Socket.IO

Database: MongoDB Atlas, MySQL

UI/UX: Figma, Wireframing, Prototyping, User Research, Usability Testing, Design Systems, Responsive Design

Tools: Git, GitHub, Postman, VS Code

Position & Responsibilities

NSCC — Member

May 2023 – Nov 2023

- Led web development sessions for 40+ students, improving their practical development skills.
- Designed structured curriculum covering HTML, CSS, JavaScript, and React.

Achievements

- Solved 100+ DSA problems on LeetCode with 30+ day streak and top 15% contest ranking.
- Built multiple real-world full-stack projects deployed on cloud platforms.
- Participated in national-level hackathons including SIH and InnoTech.
